Commissioner for Patents

Sir:

Applicants respectfully submit herewith replacement drawings for figures 7 and 9.

Specifically, figure 7 has been amended to identify reference element 34 as a “Distributor” rather than a “Distributing.” Further, figure 9 has been amended to identify reference element 45 as a “SW” rather than a “Distributing.” These amendments have been made in order for figures 7 and 9 to remain consistent with the descriptions included in the specification.

These drawing amendments are editorial in nature and do not add new matter to the application.

Respectfully submitted,

Masazumi YAMADA et al.
